LOCAL CHAMBER INVITED TO STATE HOUSE MEETING ON TOURISM
On March 13, a meeting is planned so that key representatives of the state's tourist industry can exchange ideas and formulate proposals for presentation to Governor Brennan. Greater Bethel Chamber of Commerce President Don Bennett has been invited to this meeting and attended a preliminary coordinating session in Portland on Feb. 14.

So that all Chamber members concerned with local tourism can express their views as to what this area should propose at the Augusta meeting, a Bethel meeting is scheduled for 7:30 p.m., Wednesday, Feb. 28, at Don Bennett's home in Mayville. Besides the Augusta meeting, the agenda includes discussion for responding to the Maine Publicity Bureau's matching funds program.

SOCIETY MEETING OF MARCH 1 TO FEATURE PAPER ON THE ANDROSCOGGIN CANAL

At the monthly meeting of the Bethel Historical Society to be held on Thursday, March 1, at 7:30 p.m. in the meeting room of the Dr. Moses Mason House a paper on Dr. Moses Mason and the Androscoggin Canal and Mill Corporation will be heard. The paper prepared by Society Director Stanley R. Howe on a scheme developed in the 1830's by Dr. Moses Mason and others to connect the Androscoggin River with the Cumberland and Oxford Canal which opened in 1830 was designed to bring the area north of Harrison into the markets of Portland. These plans were never realized and the Cumberland and Oxford Canal closed in 1872 unable to compete with the railroad.

Everyone is welcome to attend. Refreshments will follow the program. A cook book reflecting recipes typical of Bethel is being planned by the Society. Those especially in demand are ones that have been used by Bethel area families for generations but all suggestions will be considered for inclusion. Anyone having any recipes they wish to contribute to this project please call Mrs. Maxine Brown, chairwoman, at 824-2079, Cathy Newell, president, at 824-2089 or the Society office at 824-2808.

NANSEN SKI CLUB JUMPING SUNDAY, FEBRUARY 25

It's less than one year until the 1980 winter olympics at Lake Placid, N. Y., and the Nansen Ski Club's 80 meter jump in Berlin, N. H., could provide a preview of the potential stars of the 1980 winter games. The Nansen's annual jumping championship is expected to draw a wide range of top international jumpers as this is the last Eastern meet on a 80 meter hill before next year's Olympics.

Nansen Ski Club officials report the hill is in excellent condition, and look forward to a record turn out as the caliber of jumpers should produce some of the most exciting jumping in years. Action begins at 1 p.m. Sunday, Feb. 25. Trial jumping will take place on Saturday, Feb. 24.

Strong Nordics Earn Telstar Boys "A" Lid

The Telstar Rebels used a first-place finish in the jumping and a third in cross country to capture the boys Maine state Class A skiing championships which were Friday and Saturday at Sunday River Skiway and Gould Academy. The Rebels, third after Friday's alpine events, got a one-two finish in the jumping to edge Livermore Falls, 373.83-371.01, for the team title. First-day leader Gould Academy, weak in the nordic events, slipped to seventh in the final standings.

The final standings showed Telstar first with 373.83; 2 Livermore Falls 371.01; 3 Fryeburg 369.54; 4 Mt. Blue 361.70; 5 Edward Little 358.85; 6 Lewiston 353.03; 7 Gould 349.07; 8 Kents Hill 326.64; 9 Rumford 319.95.

Gould Academy, led by alpine specialist David Morang, had taken an early lead in the championships with a fine showing in the slalom and giant slalom Friday at Sunday River.

Individually, Mike Brooks and Russ Palmer finished first and second, respectively, in the Saturday jumping to lead the Rebels to the title. Brooks had the longest jump of the day, 112 feet on the 30 meter hill.

In cross country, Scott Gould and Chris Bean of Mt. Blue took the second and third spots to help the Cougars move up from seventh to fourth. Skip McBride of Fryeburg was the winner, timed in 25:15 for the 7.5 km. course.

Rotarians Hear of Bethel, Alaska

On Tuesday, the Bethel Rotary Club had a visitor from the westernmost Bethel in the U. S. Bethel, Alaska—a town of 3,000 population, one tree and twice daily jet service. Sigvard Knudsen, a long-time Mainer, now principal of the Bethel Regional High School, in Alaska, talked to the local Rotary Club about his interests in preserving Eskimo culture, some of the contrasting features of Bethel, Alaska, in comparison to Bethel, Maine, and proposed looking into the possibility of exchanging students at some time in the future, or at least raised the idea of having some Eskimo students visit Bethel, Maine.

In listening to Knudsen, the audience learned that Bethel, Alaska, is the last deep port on the Kuskokwim River, Alaska's second largest river after the Yukon. It is the regional hub for 56 Eskimo and Indian villages; and, its school district has a student population of 1,110 with approximately 400 high school students. To reach Bethel, Alaska, a visitor can take a 737 jet from Anchorage to Bethel's mile-long airport which receives two flights a day. As an interesting sidelight, Knudsen said that privately operated air links to Bethel handle a high volume of boot leg liquor traffic since the

Newry

— Miss Amy Hanscom, Corres. —

Greenwood and Newry Selectmen and School District Directors have been investigating the possibility of a different way to compute each Town's share of the M. S. A. D. 44 Budget. Under the present system, which is based entirely upon the State Valuation of each town, Newry pays approximately three times as much as the other three towns in the District. This is due to the high ratio of State Valuation to the number of pupils in the two towns. State law provides that the costs to each town may be computed on a combination of valuation and number of pupils. This may be done in multiples of five, from 15% State Valuation and 85% per pupil cost to 85% valuation and 15% per pupil cost. Town officials in the two towns feel that this would be a more equitable way to distribute the cost and are considering asking for a vote to change to this method.

Newry's share of the school budget for FY 1979 was \$86,766.64. Since the school operates on a July 1-June 30 fiscal year, Newry's school payments for 1978 were \$69,276.73. This is due to the fact that one of the FY '78 budget payments and one-half of FY '79 was paid in 1978. Although changes in State valuations for 1979 will mean a slight reduction in Newry's share of the total budget, one half of the FY '79 payment will be made in the first half of 1979, with one half of the town's share of FY '80 budget to be paid from July through December 1979. This would mean that with no increase in the FY '80 budget over FY '79 school payments for 1979 would be over \$80,000, compared to \$69,276 for 1978, or an anticipated increase of at least 15%.

The Selectmen have held their budget, for accounts other than schools to less than 5%. Due to unexpended balances in some accounts, some requests are less than last year, while others remain the same. The recommendation for Maintenance of Roads and Bridges is \$500 less than 1978, although the Road Commissioner has two projects he wishes to do at Sunday River. This was possible because of a fairly large balance in this account at the end of the year, compared to a very small balance on Dec. 31, 1977. Because of additional roads to be maintained in the winter time, and the high cost of plowing and sanding, an additional \$500 is requested in this account. The Fire Protection account as well as Town Officers' Salaries and Miscellaneous Expense account are each up \$500 from last year. Newry pays the Town of Bethel a flat rate of \$200 per year, plus an hourly rate for men and equipment for fire protection. It was felt that an additional \$500 was needed in this account. Although the Town Officers account showed a good balance, most of this will be needed to pay the Plumbing Inspector and plumbing fees to the state for 1978. The Selectmen have received a notice from the Town of Bethel that cost of using the Bethel Landfill will be up 15% over last year, to \$2,875. Total recommended budget for accounts other than schools is \$31,291.44, with an overall budget of over \$110,000 expected. New development at the Sunday River Skiway will result in additional valuation, but an increase in taxes is expected.

Matthew Wight, son of Mr. and Mrs. Owen Wight, and Gretchen Wight, daughter of Mr. and Mrs. Willard Wight, have been named to the Dean's List at U. of M., Orono. Congratulations to them and other Newry students who have received honors this school year.

Mrs. Philip O'Donnell and children, Cumberland, visited her parents, Mr. and Mrs. Reginald Bachelder, Monday. The children, Michelle and Philip, stayed for the week.

Edmund Seeley is a patient at Rumford hospital. He will appreciate cards.

Mr. and Mrs. Norman Tetley spent the week end visiting relatives in Rhode Island and Massachusetts.

Sunday dinner guests of Mr. and Mrs. Philip Korhonen and family were Mr. and Mrs. Ralph Thurston, Rumford Point; Mr. and Mrs. Stanley Moore and family, Bethel; Gloria Korhonen and two

BOOKMOBILE SCHEDULE

The Harrison Area Bookmobile will make the following stop on Feb. 26: Albany Town Hall, 4 to 4:20.

They were getting ready for the rock and roll marathon for the Heart Fund. Lizzie Russ was ill with a cold so was unable to take part. Her room mate, Carla Bennett, was able to take part. Harry Howe wasn't feeling very well.

Callers at my home Saturday were Lettie Brooks, West Paris, Mr. and Mrs. Arthur Andrews, Bridgton, who came especially for wishing me well on my anniversary which fell on Sunday. It was a terrifically cold day to be out. It reminded me of the day when I was born. At that time we had a big snow storm and the doctor from Bethel was unable to drive eight miles into Albany under Grover and Farwell mountains where we lived, so my father and oldest sister, Ethel P. Towne delivered me. I didn't cost a cent. Dad had had a plenty of experience because I was the 10th

child. And as some one once said, he always helped the cows in births and it wasn't any different.

Deven Andrews played at Liberty Feb. 3, with Elton Record and the 49 band.

Mr. and Mrs. Lenwood Andrews have been vacationing in Florida this month visiting relatives. Mr. Andrews returned home Friday. Mrs. Andrews will remain a while longer.

Mr. and Mrs. John Grant of Meriden, Conn., spent Saturday night with Mr. and Mrs. Roberts.

From the sermon on Sunday, Feb. 11, by Bert Griffith, pastor, West Bethel Union Church, based on the scripture Luke 19: 1-10, "Zacchaeus Sought to see Jesus."

In these 10 verses of the Scripture today, we see what happens when a man's heart turns to the Lord—a new birth begins—explodes in the soul. We see how Zacchaeus rushed to Jesus, how he repaid what he owed, how he turned from the old life and was immediately willing to follow Jesus Christ.

What is Salvation? Can faith alone save a man? No, it cannot. Satan believes God with fear and trembling. He has faith that God is there, but he is not saved. If you have lived all your life, and you have said that God is up there and I believe it, you are right in the place where Satan wants you. Unless there is a commitment to Jesus Christ, unless you come to Him as Zacchaeus came "...Behold there was a man, he sought to see him."

Have you really ever sought Jesus out? This is the mark of a man who wants to be saved. It is because we seek Jesus out, we look to him, we ask him to save us through Jesus Christ. Jesus is the only way. In John 14:6, He said, "I am the way, the truth and the light. No man cometh unto the Father but by me." Seek Him out while he may yet be found.

Now, once you have sought Jesus out, there will be a change in your life. This is what we speak of when we speak of works. This is what God wants—this is what the result of salvation is. There

is a result of salvation in your life. It is a broken and contrite heart. It is the Law of God—written not on tables of stone, but in the fleshly tables of the heart.

There are problems that keep us from coming to the Lord, and we find this to be true with Zacchaeus. He was a tax collector. He had nothing to commend him to God or to man. He had hidden sin, and he had open sin. But we all stand guilty before God. It is because of the righteousness of Jesus Christ that we can take the positional stand before the throne of God. His righteousness is imputed to us. Jesus has paid the price. God redeems us.

Zacchaeus had a further problem. He was rich, and he was comfortable. Riches hinder, because we have something to protect. According to James 2:5, God has chosen the poor of this world rich in faith. What about being rich in faith? What about being a comfortable Christian? As we speak of those who go from unsaved to being saved, what is it that wraps itself around the heart in the Born-Again Christian? What keeps him from being a true witness for Jesus Christ? Is it just that commitment? Are we enjoying the comfortable life and we do not want to change? Zacchaeus was determined to see Jesus. Are we determined to see Jesus? Are we determined to serve? A determined man will find a way just as Zacchaeus, who climbed the Sycamore tree.

In Verse 5, Jesus says to Zacchaeus, "Make haste and come down. Today I must abide in your house." Jesus wants to abide in our house. We have the invitation. Jesus knows you. He knows your heart and he knows what you will do. In Verse 6, Zacchaeus received

Jesus joyfully and received him gladly. He made haste and came down. Salvation is an inward joy. Salvation presents an act of God to man that is pure love. How do we receive Christ? Simply by confession. "That if thou shalt confess with thou mouth, the Lord Jesus and shall believe in thine heart that God raised him from the dead, thou shalt be saved." Romans 10:9. Notice the two aspects of salvation. That if thou shalt confess with thy mouth in open confession, and the second aspect of salvation is believing in the heart. That's what changes our faith to works. Immediately, there was a change in his heart, and in Verses 9-10 "This day salvation is come..." He was a partaker of the right precious faith with Abraham. Abraham believed God.

Do we believe God? We can have salvation in Jesus Christ. We can have it today. Has the Spirit of God spoken to your heart? Can you say that if you died this moment you would be absolutely sure of going to heaven? You can know that. Simply by receiving Christ as you pray this prayer. Lord, I really don't know. I would like to know. I would like to have this assurance in my heart. I know that the Bible says "to as many as receive him to them gave he the power to become the children of God. For God so loved the world that he gave his only begotten son." I realize Lord that I am a sinner. I realize that I cannot come to Christ. I cannot stand before God in my own righteousness, and so right now, right in the very presence of God, I receive Jesus Christ as my personal sin bearer. I receive his righteousness as my very own before the throne and righteousness of God. God will you forgive me?

Real Estate
by PAT EARLY
REALTOR

Appraisal Methods
Comedian Buddy Hackett put it nicely: "If everybody had the same opinion, every man would want to marry my wife." So goes the art of appraising the value of property. In the final analysis, every piece of property is different. Basically, there are three methods of arriving at a value estimate.

1. Comparison. A comparison is made as to price, value, and location in relation to other properties in the same neighborhood.

2. Reproduction Cost. How much would it cost to reproduce the structure? Add to this the value of the land and deduct for depreciation.

3. Capitalization. This is used for income property. The value is established by consideration of the present and future income value of the property.

Frequently, the appraiser will use all three methods. No single method can always be depended upon to produce reliable estimates by itself.

If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 80 Main St., Bethel. Phone: 824-2122, 824-2579. We're here to help!

German Diary

by Ann Morton

A couple of recent events here
have produced strong reactions
among Berliners.

A high official in the East Ber-
lin secret police defected to West
Berlin with his family and im-
portant papers. The names he
provided have resulted in a num-
ber of arrests of alleged spies in
West Germany. We always cheer
when an escape is attempted, but
we rarely hear of a successful one.
There may be some, but they are
kept secret in order to protect the
families and keep escape routes
undiscovered. This big event was
in the news for several days, how-
ever.

We were suspicious about the
veracity of the next news report
(from East Berlin) announcing the
defection of a top NATO official
to the East! The timing and simi-
larities in the news reports were
interesting. Few details were given,
and we've heard no more about
the second case.

Last week West German tele-
vision aired the series "Holocaust"
a drama based on the Nazi mass
murder of Europe's Jews. Since
both the fictional families con-
cerned were Berliners, this story
was particularly poignant here. A
preview of the show aired the
previous week resulted in the
bombing of a television station in
West Germany and threats by neo-
Nazis in an effort to stop the
showing of the four-part series.

When the series was shown to
42% of the national audience, it
had a greater impact than anyone
could have imagined. Each episode
was followed by a live studio dis-
cussion with historians or con-
centration camp survivors who
helped answer phoned-in ques-
tions. About two thirds of the
callers approved the showing of
the film series. Those who did not
approve based their objections on
the reopening of old wounds and
the fear that Germany's reputation
would be blackened.

Families were split as wives and
children of former SS men
watched "Holocaust" in horror.
One wife of 25 years walked out
on her SS husband threatening to
have a tape put around the house
with swastikas and the words "A
Nazi murderer lives here" painted
on it.

Several former SS men and
soldiers sent letters to the TV sta-
tion and local newspapers con-
taining pictures taken of mass ex-
ecutions which verify the fact that
the holocaust really happened.

Extra guards were assigned to
Dachau during that week in case
threatened damage was carried out
at Germany's largest memorial to
the concentration camp victims.

We feel that an important pro-
duct of the "Holocaust" showing
has been a major shift of West
German opinion in favor of lift-
ing the 30 year statute of limita-
tions on Nazi murderers. This statute
is due to run out on Nazi kill-
ers at the end of this year. As the
series continued public sentiment
toward the abolishing of the statute
increased.

We rented a television for a
week in order to watch the Super
Bowl—yes, the faithful fans watch-
ed until the final whistle at 2:30
a.m. Since the television set was
here, we watched just one episode
of "Holocaust" mostly to hear the
German sound track and try to
imagine how the German people
felt as they watched it. Having
just read the book, it was a very
meaningful show. It has been dis-
cussed at every place we have
been during the past week. The
German people as well as Ameri-
cans are talking about the pro-
gram. Apparently the style of Ger-
ald Green's story and screenplay
has never been duplicated by other
authors or historians in postwar
television films on this subject.

Although trials of Nazi murderers
go on all the time in West Ger-
man courts, this particular show
has had a tremendous impact.

On Sunday we visited Plötzensee
here in Berlin where 1800 political
prisoners were guillotined or hanged
between 1933-1945. The execu-
tion chambers have been restored
as a memorial to the victims of
the Third Reich. This is part of a
permanent exhibition giving in-
formation about the activities of
the Resistance movement in Ger-
many. The combination of high
walls surrounded by barbed
wire, the stark reality of past ev-
ents that had occurred here and
cold wet weather made our visit
a very sobering one.

ME. PUBLICITY BUREAU ANNOUNCES REGIONAL PLAN FOR TOURIST ATTRACTION

The New Maine Publicity Bu-
reau has sent a proposal to cham-
bers of commerce in the state
which represent tourism regions
that offers \$5,000 in matching
funds for promoting tourism and/or
conventions on a regional basis.

All responses are called for by
March 9, 1979. Promotion plans
which are submitted under this
proposal will be reviewed by the
Maine Publicity Bureau and the
State Development Office. Selection
of qualifying programs will be
made by March 26.

The proposals program guide-
lines contain essentially the same
elements used by the Greater Bethel
Chamber of Commerce in its
promotional activities. In this
case, if the local chamber raised
\$5,000 from its members and/or
organizations concerned with the
area's development (local counter-
parts of the State Development Of-
fice) by March 9, it could qualify
for the \$5,000 in matching funds.

Once selected a local chamber
must issue quarterly reports on
how the money is spent to the
Maine Publicity Bureau.

On Feb. 26, Peter Damberg,
president of the New Maine Pub-
licity Bureau, will attend the meet-
ing of the Bethel Selectmen that
evening to discuss details about a
proposed area information booth.
In the meantime, the Bethel
Chamber will be contacting the
ski areas, the Bethel Area Develop-
ment Corporation and owners of
lodgings, restaurants and camp-
grounds inviting them to attend

North Woodstock -

The Runaway Toboggan

On Sunday afternoon, the Rich-
ard Cox family of East Bethel and
the Roland Tyler family of Dix-
field, joined the Richard Fraser
family of North Woodstock for a
sliding party. After the exhausting
climb to the top of the hill, and a
little rest the thrill of the tobog-
gan rides to the bottom began.
The families were really enjoying
the afternoon. With the adults, al-
most gracefully, taking spills off
the toboggan, riding down on the
orange gladdening flyers with chil-
dren between their legs, lying
down, head first, on their backs,
any way to get to the bottom.

One ride down, Daryl Tyler de-
cided to take three of the chil-
dren on the toboggan. With a ra-
ther brisk start and the snow fly-
ing up in his face, Daryl decided
to bring his hat down over his
face. With four light children the
toboggan kept picking up speed.
Half way down, Mary tumbled off,
three quarters of the way down,
Lisa flew off, but Daryl and Chris-
topher were well on their way,
speeding well across the usual flat
plateau stopping place, down an-
other knoll. Lifting his hat, Daryl
was faced with the prospect of col-
iding with a house, a truck or a
telephone pole, or jumping over a
snow bank onto the icy road.

Quickly he pushed Christopher off
the toboggan, and overturned it,
coming to a stop. Two of the petri-
fied parents raced to the two boys,
finding them scared but O. K.

With Mary saying, "I had to
get off that thing," Lisa agree-
ing, Christopher with a slightly
scratched, crying face, Daryl de-
ciding to keep his hat on his head,
and the parents recovering from
near heart failure, the sliding con-
tinued.

Sunday evening, Mr. and Mrs.
Richard Cox and Mrs. East Bethel;
Mr. and Mrs. Roland Tyler and
family, Dixfield, had supper with
Mr. and Mrs. Richard Fraser and
Mary.

Monday afternoon, Mr. and Mrs.
Robert Davis and family hosted a
sliding party for the Bryant Pond
Baptist Church Sunday School.
There was a good turnout.

Mrs. Norma Heikkinen, West
Paris, and Mrs. Irene Redman,
Bryant Pond, called on Mr. and
Mrs. Edgar Davis, Monday after-
noon.

Judy Stone. Refreshments of crack-
ers, chips and dips, assorted bars,

Mrs. Joyce Swan.

Greenwood City -

- Mrs. Colista Morgan, Corres. -

February is thinning away. The
days are longer but the winter
stars are brighter. There are a cold
and sharpness in the darkness.
The hurrying winds whistle to
keep winter in mind. Perhaps it
is keeping in tune for March. But
the sun cannot be checked in its
course. It already leans toward
spring. All of this knows no calen-
dar. To most of us spring seems
molasses-slow but we can check
it in many ways. With the thermo-
meter holding to zero most of to-
day, Saturday, there was melting
of ice and a trickle of water in
the front driveway. Watch the sun-
set and notice the ice green band
of light that hovers near the hori-
zon. The knifing wind rattles
around but both come later than
even a week ago.

Most days this week I have
stayed nearby. I still dislike the
wind so there has been only one
day that I have ventured to walk
any distance. That day the tem-
perature was a plus 15 but the
homeless wind was out to greet
me. It didn't pause on any hill top,
and if at times it seemed to relax
it was only gathering strength for
more push.

I noticed the ice flowers by the
ledges near the icicles. They are
a form of frost, very lovely, ar-
ranged in groups. They must be
relatives of the window patterns
we see so often these cold, cold
mornings. The vapor that collects
and builds up arranges them.

I could hear the popping of
trees in the deep woods. I also
heard the pileated woodpecker and
discovered his whereabouts on a
dead elm already riddled with
holes made by other woodpeckers.
This old tree's top is crushed
and torn. Here above the murmur
of the rising breeze came the rat-
tle of the great black bird. He
then rose above the tree top and
alighted on a tall slim stub, the
remains of the tallest branch.
Clearly revealed in the sun's rays,
the bird's brilliant crest shone.

With head drawn far back he
sealed his watch-tower to the very
top. He then opened his wings
as if to display their white mark-
ings. In moments he sprang away,
and with a diagonal flight slid easi-
ly down the air to a lower tree to
the right. He is a great and strik-
ing bird and considered shy for if
he discovers a watcher he slips
quietly away. To see him today
made me feel greatly rewarded and
in spite of the chill glad that I had
ventured out.

Another interesting thing that
happened just a short distance
from our yard, started with the
screaming of a Jay. It hopped
from limb to limb and at each
new perch cocked its head and
screamed. From all directions oth-
er Jays came, adding their screams
to the first. Within a very short
time, the tree was blossomed in
blue. The uproar rose in power.

Each bird hopped about peering
into a cavity in the tree. I won-
dered what they could have dis-
covered. Why the excitement? I
could not get to the tree so was
left puzzled. In a few minutes
the excitement died down, as if at
a given signal, with no special rea-
son that I could notice, they all
took off together. Perhaps on this
cold day they just wanted to make
a dull time ring with commotion.
They had succeeded.

The Leeper family who was
here last week have returned to
their home in New York.

Frank and Dorothy Curtis had
as callers last week: Albert Cur-
tis and son, East Sumner; Mabel
Oldham, Welchville; Mildred Bow-
man, Hebron; John Swan, Locke
Mills; Fred Curtis, East Sumner;
Carl Curtis, Town; Mrs. Lucy
Bragg and son, West Sumner.

On Tuesday Club Eight enjoyed
a party at the home of Pay Holt.
Valentines were exchanged and
Katie Tamminen won the Valen-
tine cake.

Frank Waterhouse called on Ber-
nard Morgan on Monday.

Doris Hayes and I attended the
T. T. Club at Lyndell Farr's home
on Thursday where we had dinner
and a social afternoon.

On Saturday Mr. and Mrs. Er-
win Hayes and son of Hyde Park,
N. Y., came to the Hayes Home-
stead to visit their parents, Rolly
and Doris Hayes. Week end visi-
tors were: Del and Betty Hayes,
Auburn; Duane and Scot Hayes,
West Paris; Glenn and Kevin
Hayes, Gray; Mr. and Mrs. Chester
Hazelton, West Paris.

Rachel Hayes drove Rolly and
Doris Hayes to Waterville last
week to see the eye specialist.

Some of our neighbors are warm-
ing up in Florida for a couple of
days.

A letter from my niece in Har-
lingen, Tex., told me of the lovely
weather there. I haven't heard
from my friends in Arizona this
winter so don't know what tem-
peratures they are having; probab-
ly 20 degrees below zero.

MANY, MANY, THANKS
I wish to express my sincere
thanks and appreciation to my
friends, neighbors and relatives for
the love and kindness extended to
me and my family, prior to and
following my return home from
the hospital. The gifts of food,
phone calls, flowers and many
beautiful cards have been truly
appreciated. One can never forget
what good friends they really do
have - and I am thankful to live
amongst folks who really care.

Sincerely,
Bernice E. Davis

Northwest Bethel

— Charles Gibson, Corres. —

We are in the grips of a cold snap and the main topic is the weather. The news is frozen pipes, getting the car started and just keeping warm in general. Today it did seem quite pleasant as I went into town to pick up some milk and while there stopped in to visit the Rodney Hanscom family.

The Seames two children and the two children of Mr. and Mrs. Chuckie Mason were all under the weather when I called.

Ricky Angevine and Dougie Greenleaf went snowmobiling Saturday and took their lunches.

Ricky and Sheri Angevine, children of Mr. and Mrs. Dick Angevine, went to the carnival ball Saturday at Telstar.

Kristy Angevine, daughter of Mr. and Mrs. Dick Angevine, spent Friday night with Stephanie Fuller in Locke Mills and the girls went to the dance at Telstar.

Sylvia Benson went to see her mother, Mrs. Alice Foss, in Hebron, Wednesday.

Mr. and Mrs. Lester Butters went to the Odd Fellows supper in Bethel Saturday.

Mrs. Judy Coolidge and daughters had as Monday visitors, Ms. Mary Lunney of Madawaska and Lorrie Grindel of Portland.

Mrs. Leslie Lapham went to Andrews funeral home Sunday to the funeral of her cousin, Mrs. Stella Skillings.

Mr. and Mrs. Joe Shimamura and Jody went to Portland Saturday morning to pick up Kevin Hebert of Hartford, Conn., who flew in on Air New England. Kevin will be a guest of Jody's during February vacation.

Mr. and Mrs. Joe Shimamura, Jody and Kevin, went to the Roller Dome in Auburn Monday. In all a group of 15 went.

Mrs. Joyce Stearns is back home.

Mr. and Mrs. Alton White of Waterford were Saturday supper guests of Mr. and Mrs. Ernest Angevine.

Mrs. Ernest Angevine went to Dixfield Monday to see her mother, Mrs. Rena Abbott.

Tuesday Ira went to Portland and came home Wednesday. He signed up for the Marines on the deferred program.

Tuesday Frank and Grace left Tinker and Karen here while they went into town.

Mr. and Mrs. Larry Smith and Shawn, North Conway, N. H., were Thursday evening guests of his parents, Mr. and Mrs. Homer Smith.

Annual Dream

The winter wind blows high outside

And taps against the window panes,

I snuggle by the glowing hearth And mentally string daisy chains.

The daisies, white, pink and rose Are pictured in the catalogue

Just come by mail, and while I dream

In deep content, I pet my dog Who cuddles close against my knee.

My heart rejoices at the sight Of giant phlox and zinnia.

Portrayed in colors gay and bright, I almost smell the rose perfume,

Dank earth wafers in upon the scene,

The seeds begin to plant themselves

And change the snow to summer green,

What gorgeous blooms for every nook

If we believe the seedman's book.

The school children are having a vacation from their studies this week.

Elise Littlehale and Cheryl Kenney were in Berlin shopping on Tuesday.

The whist party Saturday night was postponed due to the extremely cold weather.

Three deer were out here this week walking around near my trailer. This snow is so solidly packed it holds them up.

Monday and Tuesday have been beautiful sunny days for a change. We've been kept in a deep freeze quite long enough.

I received word Wednesday of the death of my cousin's wife, Mrs. Everett (Jean) Smith, who passed away recently at a Portland hospital. She was 85 years old and had been living in Yarmouth. The Smiths are former Bethel residents.

There were only 12 Grange members out for the Grange meeting Saturday night due to the cold weather.

It was 42° below zero at Clifton Littlehale's Monday morning. Other places varied from 24 below up. Much too cold for comfort.

**WINTER CARNIVAL ENJOYED AT GOULD SUNDAY/MONDAY**

Students at Gould Academy once again revived the traditional winter carnival last Sunday and Monday. On Sunday evening the last performance of "A Funny Thing Happened on the Way to the Forum" was held in the Bingham Auditorium, followed by the Carnival Ball held in the Gehring Hall dining room. The dance featured an excellent group from Massachusetts called the "Loose Caboose." They were very popular with the students and the spirited dancing continued until 1 a. m.

After a late breakfast on Monday, classes being suspended for the day, various athletic and other activities commenced between dormitories. The volleyball tournament was won by an energetic faculty team, the only event that the "senior" members of the Gould community entered. Floor hockey in the girls' gym, cross country skiing on the athletic field, snow sculpture contest, a slave auction, the "dating game" and the traditional dorm skits rounded out a full day of fun for all. Now it is back to academics as the end of the term is next week, and exams will start on Feb. 28.

T. E. A. LAUNCHES DRIVE TO INFORM PARENTS OF SERVICES OF POISON CONTROL CENTER

The Telstar Education Association has launched a drive to inform parents of the services of the Poison Control Center located at Maine Medical Center in Portland. The association will distribute stickers carrying the toll-free number of the Center which is staffed 24 hours a day. Especially trained emergency technicians are available to identify the nature of the poison and give advice on the treatment required.

The majority of poisoning incidents involve children under five. It is essential for parents and babysitters to have access to immediate help.

The red stickers, made available by the Poison Control Center, should be pasted on the telephone. The technicians who staff the Center have access to computerized information about thousands of poisonous substances, can call on doctors in the Maine Medical emergency room, as well as a list of expert consultants on toxic substances in all parts of the country.

The potential for saving lives and preventing unnecessary suffering is right there at the end of the telephone line. Teachers are obviously well placed to spread the word about the Center because of their daily contacts with children and parents.

The Telstar Education Association appreciates the cooperation of the center in making available quantities of stickers and providing information about the service.

The board of directors of A. D. #44 held a regular meeting at the Andover Elementary School on Monday evening of week.

Project Director Joan Wirth presented a presentation on the status of the District Health Project. A survey of 65 curriculum topics developed last fall and distributed to various individuals in the community to determine what topics should be included in the school and at what level. A breakdown of the topics was done according to towns and then as to how students feel, how parents feel, how teachers feel, how non-parents feel, etc. The survey showed that the community believes are the major health problems. The following were high on the list: drug abuse, alcoholism, and smoking. In terms of the health topics, 62 of the topics or 95% to 100% of the population wished to include various topics in the curriculum. It was determined that 10% of the population wished to disregard alcoholism in the curriculum, 6% of the population did not wish to include the normal process of aging in the curriculum, and last all, 7% of the population did not wish to include male/female roles in society in the curriculum. All Mrs. Wirth's committee has produced a Nutrition Curriculum Guide according to grade level.

The board accepted the resignation, effective at the close of the current school year, of David M.

The prolonged freezing weather has driven the frost deeper than normal for this time of year. Many Water Districts in the northern states have been experiencing an abnormal number of "freeze-ups." The Bethel Water District had its share of problems and would like to thank those customers that were so patient and understanding during this period.

The Water District Trustees and Superintendent Richard Enright would like to especially thank those who helped thaw and make repairs under difficult conditions often at night and on the weekends. They are: Bruce Bailey, Sonny Bean, Brooks Bros., Arnie Brown's Welding, Bob Davis, Ron Deegan, Dick Douglass Contracting, "Jug" Merrill, Burnie Rice, Lewis Sargent, and Robert Saurders.

The frost is still in the ground and will remain for a month or more. If you have been asked to run your water, please continue until notified by the Water District either by phone or through the newspaper.
